

Chemicals

Balbid is an independent proprietary chemical trading company. Our team is composed of dynamic, motivated professionals. We make fast and clear decisions based on our experience and market knowledge.

We commercialize and distribute pure and recovered chemical products - solvents, acid, pigments, swimming pools, Intermediates and specialties in a variety of packaging.

We offer a fully customized service from sourcing to delivery, guaranteeing efficient operations, commercial excellence and value-added services. We develop intelligent logistic solutions specifically tailored to meet our partner's needs.

Our clients are industrial manufacturers, distributors and traders worldwide. We serve various industries such as food paint, printing, adhesive, , textile, leather, detergent, , cosmetic, pharmaceutical, agriculture, construction, swimming pools, poultry and water treatment.

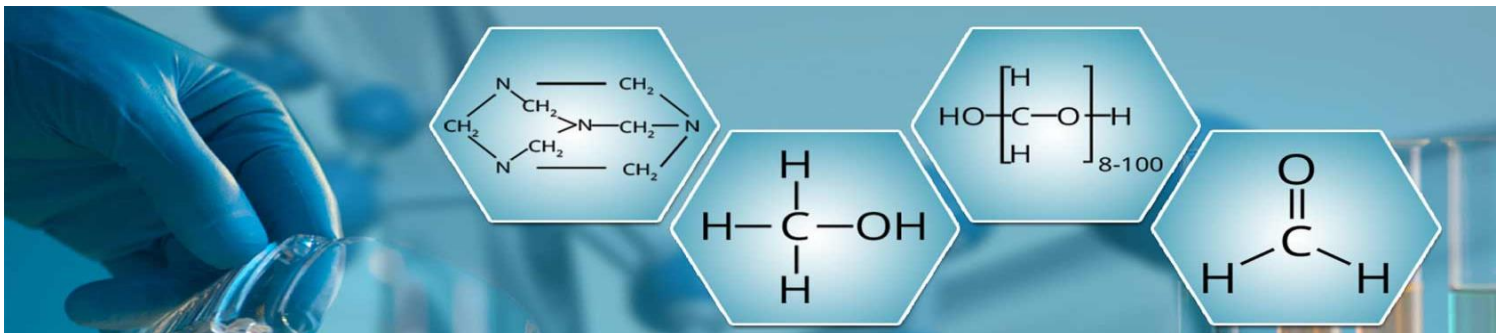

OUR MISSION

We place partnerships with customers at the heart of our activities.

As a high quality, service oriented trader, our entrepreneurial and dynamic approach to doing business is reflected in our can-do attitude to challenges. Our intrinsic flexibility allows us to quickly react to market changes.
